ABOUT ME

I started in sales and store operations and moved my 11-year career into IT and software development. Most recently I worked as an IT systems specialist at Zorlu Holding; in my spare time I build web and mobile apps with Laravel and Flutter, and games with Godot.

My sales background helps me understand what a customer really needs, turn it into a technical solution and own the process end to end. I graduated in Computer Operation from Kütahya Dumlupınar University.

WORK EXPERIENCE

02/2025 - 04/2026

IT Systems Specialist

Zorlu Holding · Istanbul

09/2023 - 01/2025

Sales Consultant

Vestel Ticaret A.Ş. · Istanbul

Analysed customer needs and recommended the right products, following every step from sale to installation. Provided fast, solution-oriented help for after-sales faults and support requests.

05/2023 - 08/2023

Sales Consultant

Enplus Mağ. İşletmeciliği Tic. A.Ş. · Istanbul

08/2019 - 12/2022

Sales Representative

Vatan Bilgisayar · Istanbul

Besides sales, I handled camera and electrical maintenance and repaired and maintained the store computers.

06/2017 - 06/2019

Software Support Specialist

Ege Bilişim Hizmetleri · Kütahya

Supported software processes, ran end-user tests, handled Superonline consumer and business internet installations and faults, and developed PHP applications.

04/2016 - 06/2017

Technician

Telsan Mühendislik · Kütahya

Vodafone ADSL/VDSL installation and maintenance; electrical, PBX and camera installation for corporate stores.

08/2014 - 12/2015

Assistant Store Manager

A101 Yeni Mağazacılık · Kütahya

Assisted the manager; responsible for staff training and timesheets, store order, till checks, cash flow and stock levels.

EDUCATION
